IN13	2	2	20/06/2015	22/06/2015

Abstract:

ILL RESEARCH PROPOSAL TEST 2485

Title: **SISN Italian Neutron school**

Proposers: MONDELLI Claudia, et al

Beam time: 19/06/2015 – 21/06/2015

The students of the SISN Italian Neutron School participate separated in groups to didactical experiments on IN3 (determination of phonons of AL) and IN13 (QENS measurements on model samples. They presented the results in a clip section at the end of the school.
